### **DETAILED ACTION**

Prosecution is hereby reopened in view of the Petition to Revive the instant application granted on 16 April 2008. The application was abandoned on 15 May 2007 for failure to reply in a timely manner to the Non-Final Office Action mailed 17 July 2006.

### **Status of Application, Amendments and/or Claims**

The amendment filed 19 December 2007 has been entered in full. Claims 1-75 are canceled. New claims 76-86 were entered. Claims 76-86 are pending and under examination.

### **Information Disclosure Statement**

The information disclosure statement(s) (IDS) filed 08 August 2006 was received and complies with the provisions of 37 CFR §§1.97 and 1.98. It has been placed in the application file and the information referred to therein has been considered as to the merits.

### **Withdrawn Objections And/Or Rejections**

The rejection to claims 61, 63 and 65 under 35 U.S.C. 112, first paragraph, scope of enablement, as set forth at pages 3-5 of the previous Office Action (17 July 2006), is *withdrawn* in view of the amendment (19 December 2007).

The objection to claims 62, 64, 66-75, as set forth at page 5 of the previous Office Action (17 July 2006), is *withdrawn* in view of the amendment (19 December 2007).

### **Claim Rejections - 35 USC § 101**

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 76-84 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. The instant claims, as they stand, are not limited to isolated antibodies. The instant claims encompass naturally occurring products (i.e. antibodies) and therefore read on products of nature. Amending claims 76-86 to recite, "an **isolated** antibody or fragment thereof..." would be remedial.

### **Claim Objections**

Claims 79-86 are objected to because of the following informalities: The instant claims are missing the word "thereof". The instant claims should recite, "the antibody or **fragment thereof of Claim..**". Appropriate correction is required.

***Conclusion***

No claims are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
